

iConference 2024

Wisdom Well-being Win-win

CALL FOR PAPERS

- The iConference2024 is the 19th annual conference of the international iSchools organization and is open to all. It is one of the top venues for research in information science and related fields.
- The hosts will be **Jilin University** and **University of Tsukuba**, and it will be the 4th to allow virtual participation in multiple time zones.
- The theme of iConference 2024 is “**Wisdom, Well-being, Win-win**”. These keywords represent a common commitment to the development of information driven wisdom on health issues as well as international collaboration.
- All information scholars, researchers, and practitioners are encouraged to submit their research. iSchools affiliation is not required.

Virtual Program

 University of Tsukuba

 15-18 April, 2024

- research paper presentations
- poster presentations
- doctoral colloquia
